Singapore | Jun 2024 - Oct 2025

- Managed multiple client engagements, aligning execution with data-driven strategies.
- Ensured seamless project delivery and high client satisfaction.
- Cultivated strong partner relationships and drove measurable business growth.

Social Media Marketing Manager | Project Fab Aesthetic & Skin Care Inc
Philippines | Jun 2022 - Jun 2024

- Generated analytics reports for Facebook/Instagram campaigns.
- Achieved 89.6% client acquisition via social media (Q4 2023).

Relevant Analytics Project

Aeroviation Case Study

- Conducted a 3-month optimisation project for Aeroviation, a Singapore-based pilot school.
- Audited campaign data across Google Analytics, Meta Ads, TikTok Insights, and consolidated it on Excel to identify inefficiencies.
- Built structured user personas and refined targeting strategies through competitor research and A/B testing.
- Reduced cost per lead (CPL) from **SGD 15-17 to SGD 4-8** (~50 --75% reduction), saving thousands in marketing spend while maintaining conversion quality.
- Established a repeatable, data-driven decision framework adopted for future campaigns.
